

Atmospheric Sciences (Bachelor of Science)

Atmospheric Sciences Major

Requires 121 Total Credit Hours; 32 Major Credit Hours

Major Requirements

Required Prerequisite or Supplemental Courses in the Major

Course	Title	Hours
Math 1151	Calculus I	5
Math 1152	Calculus II	5
Math 2153	Calculus III	4
Math 2255	Differential Equations and Their Applications	3
Physics 1250	Mechanics, Thermal Physics, Waves	5
Physics 1251 >	E&M, Optics, Modern Physics	5
Chemistry 1210 >	General Chemistry I	5
Statistics 2450 >	Introduction to Statistical Analysis I	3

> Indicates supplemental course not required as a prerequisite to any courses in the major.

Required Courses (9 courses/26 hours)

*Course offerings are subject to change, always check the course listing page at geography.osu.edu before scheduling your courses.

Course	Title	Hours	Prerequisite(s)	Semester Offered
AtmosSc 2940 OR GEOG 5900	Basic Meteorology (recommended) OR Weather, Climate and Global Warming	3 3	Math 1151 & Physics 1250 None	Autumn & Spring Autumn & Spring
GEOG 5921	Miroclimatology: Boundary Layer Climatology	3	AtmosSc 2940 & Physics 1250 OR GEOG 5900 & Physics 1250	Spring Only
GEOG 5922	Microclimatology: Microclimatological Measurements	3	GEOG 5921	Autumn Only
AtmosSc/GEOG 5940	Synoptic Meteorology Laboratory	2	AtmosSc 2940/GEOG 5900 (or co-req) Physics 1250	Spring Only
GEOG 5941	Synoptic Analysis and Forecasting	3	GEOG 5940 & Math 2153	Autumn Only
GEOG 5942	Severe Storm Forecasting	3	GEOG 5941	Spring Only
AtmosSc 5950	Atmospheric Thermodynamics	3	Math 1152	Autumn Only
AtmosSc 5951	Dynamic Meteorology I	3	AtmosSc 5950 (or co-req) & Math 2153	Autumn Only
AtmosSc 5952	Dynamic Meteorology II	3	AtmosSc 5951 & Math 2255	Spring Only

Elective Courses

Choose two of the following courses (6 hours).

Course	Title	Hours	Prerequisite(s)
AtmosSc 5901	Climate System Modeling: Basics and Applications – AU Semester Only	3	AtmosSc 2940 OR GEOG 5900
GEOG 3900 OR GEOG 3901H	Global Climate Change: Causes and Consequences OR Global Climate and Environmental Change – AU Semester Only	3	None
GEOG 5200	Cartography and Map Design	3	None
GEOG 5210	Fundamentals of Geographic Information Systems	3	None
GEOG 5225	Geographic Applications of Remote Sensing	3	None
EARTHSCI 2206	Principles of Oceanography	3	None
CIVILEN 5130	Applied Hydrology	3	CIVILEN 3160
CIVILEN 5420	Remote Sensing of Environment	3	CIVILEN 2410

Major Requirements

The following requirements for the major apply to all Arts and Sciences degrees.

Major requirements comprise at least 30 semester hours and can be substantially higher. Major courses must be at the 2000 level or above. At least 20 hours of the major must be in courses offered by the department of the major. Note: Some interdisciplinary majors are excluded from the 20-hour rule.

Students must earn at least a C- in a course for the course to be applied to the major. However, students must receive a 2.0 cumulative grade point average (GPA) for all major course work. If a D+, D, or an E is earned in a course needed for the major, the course cannot be counted on the major. The major advisor will decide if the course should be repeated or if another course should be substituted. Courses taken on a pass/non-pass basis cannot be used on the major.

The department must approve all courses in the major. Some departments require a “major program form,” a document that must be signed by the academic advisor and submitted with the graduation application. Some departments do not require such a form because the academic advisors use an automated version on the degree audit report. Some departments require both. In any case, students should meet with the academic advisor early to plan the major; during your meeting, it can be determined whether the department requires a paper major program form. Any changes or adjustments to the major should be made in consultation with the academic advisor.

If a student transferred from another institution, no more than half of the credit hours on the major program may consist of transfer credit. The academic advisor, the chairperson of the department, and the appropriate assistant dean must approve any request for a variation in this policy.

For Honors students, the GE curriculum and major must be approved by the assigned Honors advisor. Information about the honors curriculum and requirements and how to schedule an appointment with an honors advisor is available on the College of Arts and Sciences Honors Program website: <http://aschonors.osu.edu/advising>. Students will also be assigned a faculty advisor in the department of study to help the student choose courses and co-curricular opportunities that align with academic and professional goals.

For more information about internship and career opportunities, visit the College of Arts and Sciences Career Services Office. Their website is <http://asccareerservices.osu.edu/>.
